Mabel Raines Chosen as 1924 Tower Queen

Mabel Raines was elected "Tower Queen" by the members of the student body who have subscribed for the College annual yesterday. Ruth Cline was the closest competitor receiving 500 ballots to 730 by Miss Raines. Ruth Patton and Alice Welling were other contestants in the election.

Miss Raines is a junior in College and has been very active in student affairs. The election of "Tower Queen" is a high compliment to Miss Raines and her work for the school.

Roy Hanna and L. H. Brownfield were the Judges of the election.

Mrs. Cooper Gooden will go to Kansas City tomorrow to visit at the home of her son, Forrest Gooden, and family, until after Thanksgiving.

Four Teams Entered in Rosendale Tourney

Four teams are entered in Rosendale's fifth annual Thanksgiving basketball tournament. The teams entered in this tournament are Hopkins, Guilford, Pickering and Rosendale. A silver loving cup will be awarded to the winning team. Drawings take place at 2 o'clock Thanksgiving afternoon and the first game will start at 2:30 o'clock.

The second game of the tournament starts at 3:30 o'clock. A preliminary game, Rosendale girls against the Guilford girls' team will be held in the evening. The championship game will be called about 8:45 o'clock in the evening.

Sam Dubin of Bedford will officiate at the games.

FATALLY INJURED BY STUMP PULLER

JOSHUA HENDRIAN DIES AT HOME NEAR BURLINGTON JCT.

STRUCK IN ABDOMEN

He and Two Sons Were Pulling Out Row Of Hedge When Part Of Machinery Broke

Joshua Hendrian, 55 years old, living southeast of Burlington Junction, was fatally wounded while working with a stump puller near his home, about 11 o'clock yesterday morning and died at 12:20 o'clock yesterday afternoon.

Mr. Hendrian and his two sons were pulling out a row of hedge on the Ware farm southeast of Burlington Junction, on which the victim of the accident lived. A part of the stump pulling machine broke and the sweep struck him in the abdomen. The sons called on James Ware a neighbor, for assistance, as they were unable to carry their father to the house. The three carried Hendrian to his home and a physician called. However, his injuries were of such a serious nature that nothing could be done to save his life.

The Hendrian family came to Burlington Junction from New Market, Ia. about a year ago. They lived in town last winter and moved to the farm, southeast of Burlington Junction, in the spring. The victim is survived by his wife and nine children.

The body was brought to the Hann undertaking rooms in Burlington Junction.

No arrangements for the funeral have been made.

Three are Missing From Wrecked Ship

Marseilles, France, Nov. 23—An explosion resulting from a fire damaged the 6,000-ton British steamship, Ottenburg, today. Forty persons were reported missing, but later all but two were picked up. The missing included the captain. The steamer was bound for Barcelonia, Spain.

$31,000 of Robbery Loot Is Recovered

Chicago, Nov. 23—Recovery of $25,000 in gems and $6,000 in war savings stamps from what police term one of the eight "secret homes" of Dr. Spencer Brown, in an announcement that evidence would be ready for the grand jury today marked developments in the investigation of the Warner warehouse robbery.

A new list issued of losses in the bold hold-up a month ago brought estimates of the total loot to two million dollars.

Football Games Over Radio

The Democrat-Forum will receive over the radio through the courtesy of Harry C. Todd of the Hanamo telephone company accounts of football games tomorrow afternoon. The play-by-play of the Nebraska-Syracuse game at Lincoln will be broadcast by the Omaha World-Herald. The Yale-Harvard game will be broadcast from Schnectady, N. Y. from the WGY station. The time will be 12:45 o'clock Maryville time.

Other football results will be received by radio.

Mrs. Lester Hawthorne, Mrs. Leota Dice, Mrs. Dick Kyger and daughter, Mary, and Mrs. Harry Dunshee and son, all of Stanberry, visited in Maryville today.

Mrs. Marion Cooper of Denver, Colo., is visiting in Maryville with her sister, Mrs. R. Jones.

THOUGHT GOVERNS OR MISGOVERNS

ALL MANKIND, SAYS YOUNG, SCIENTIST LECTURER

PHILOSOPHY OF LIFE

Found In Christian Science Because Not a Theory, Speaker Said Last Night

"Christian Science: The Science of Life," was the subject of the address delivered by Bicknell Young, C. S. B., at the Empire Theater to a large sized audience. The speaker was introduced by Harry Snyder. Mr. Young is a member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, Boston, Mass. His address in part follows:

"Christian Science reveals the fact that thought governs or misgoverns mankind, as the case may be, including the body, and that as we approach and attain a divine standard, the health and safety of the body are proportionately secure.

"Such work is not less scientific than that of sciences which have to do with material phenomena. In fact, to investigate and understand thoughts and their nature and law is the highest kind of scientific research, and is the most interesting and instructive of all studies. Besides this, there are immediate results, visible and practical, to be attained by such a course. They are often acknowledged by the general public, who do not hesitate to say that Christian Scientists are a happy and healthy class of people. In mentioning this I am not claiming that all that can be desired in these directions has been accomplished, but at any rate, thousands of people who are alive and well today testify that they were saved from death and their health restored through Christian Science.

"The only philosophy that satisfies in regard to Life is found in Christian Science, because Christian Science is not a theory. It shows that Life is and must be the self-existent Mind, intelligence, being, which we call God. This real Life, permanent, perfect, untouched by disease, sin, or death, is the only life of man. He does not need any other and could not have any other. The human being who recognizes this fact is gaining something by way of education that tends to both health and peace.

"It is in the realm of thought that people learn to believe in God, and it is there also that they can take the much greater step of learning to understand Him. In that same realm we must learn and demonstrate the Science which makes us capable of loving our neighbors as ourselves, as the Bible requires. To reach this Science it is necessary to see that the infinite Mind, God, which spake and all things were expresses Himself forever in perfect ideas.

"This being so, is there anything extraordinarily mysterious, or at all mysterious, in the fact that Christian Science heals the sick through revealing, by means of thoughts or ideas, the nature, the power, and the presence of God?

"To the average person uninstructed in Christian Science it may seem incredible that materially intangible facts should have actual value and influence. Yet the Founder of the Christian religion proved beyond all question that diseases even of the most fatal nature could be absolutely healed by the power of the understanding.

"He knew and declared that the power to heal is wholly from God, the divine Mind, and he said and showed by his own works that this power is natural to men and women in the proportion of their understanding or enlightenment concerning the true nature of God and His law.

"The Bible is the original revelation of the immortal relationship of God and man. Christian Science makes this relationship understood, and in doing this it removes condemnation and establishes redemption in its stead. It shows beyond all doubt that the only final or possible sequence to a mistake is loving and complete correction.

"We are trying to be worthy of God to men. We would be unworthy of it if we did not here and upon all other proper occasions express our gratitude, love, and reverence for the Discoverer and Founder of Christian Science, Mary Baker Eddy. She established the cause of Christian Science on the enduring foundation of Christ-healing, where it stands, and will continue to stand, a living and an ever rising monument to a character and to a career of achievement absolutely unique in history."

SEVERE QUAKE HITS TOKIO AGAIN TODAY

BUT ONLY SLIGHT DAMAGE IS DONE TO SMALL BUILDINGS

PEOPLE FEAR ANOTHER

Tokio, Nov. 23—The most severe earthquake since the disaster in September shook this city at 11:30 o'clock this morning, causing considerable excitement in the city.

Some small buildings were damaged slightly by today's quake.

The streets were filled within a few minutes by frightened Japanese and foreigners. Reported warnings from a religious sect prophecying another big quake tomorrow added generally to the apprehension of the populace despite the reassuring statements of the meteorology bureau. The bureau declared positively that no more great earthquakes recent as the recent calamity may be expected at this time.

Chamber of Commerce Receives Many Essays

A number of essays in both the grade and high school competition have been received by the Chamber of Commerce. These are coming in since the inauguration of the county-wide school essay contest by the local Chamber of Commerce.

The teachers throughout the county have expressed enthusiasm for the contest and have promised a large number of essays from their schools. "The Educational and Financial Influence of Thrift and Home Ownership" is the subject of the high school essays. Prizes amounting to $32 will be given the high school winners.

"Why I Like the Farm" is the subject of the essays to be submitted by grade school students. Prizes amounting to $32 will also be given the grade school winners.

Competition closes December 15 and the prizes will be awarded on December 22 at 2 o'clock in the Circuit Court room. The prize-winning essays will be published in the Democrat-Forum and the Maryville Tribune.

BEAR CATS 7; CHILLICOTHE 19

The College Bear Cats lost to Chillicothe today 10 to 7.

In the third quarter, Chillicothe recovered a Maryville fumble and a C. B. C. player raced 60 yards for a touchdown, but failed to kick goal.

In the last quarter, the Chillicotheans played the Bear Cats off their feet, scoring two touchdowns in this period. They failed on one of the goal kicks.

O'Banion was inserted in the last quarter and attempted several drop kicks, but without success.

When the game ended, the ball was in Maryville's possession on the 1 yard line.

Masters for the eBar Cats in first quarter intercepted a C. B. C. pass and raced down the field for a touchdown. Eads kicked a perfect goal. Again in this period Maryville carried the ball to the 10 yard line, but lacked the punch to put it across.

Eads attempted a field goal but it missed by several inches in first quarter. In second quarter C. B. C. held tight and Maryville was unable to score. Eads sent a pass of 35 yards to the 15 yard line, but Maryville was again held for downs. Score at end of first half, Maryville 7, Chillicothe Business College 0.

STRESEMANN QUITS AS GERMAN LEADER

REICHSTAG FAILS GIVE CHANCELLOR VOTE CONFIDENCE.

CABINET IS OUT TOO

Resignations Follow Stormy Session When Deputies Shake Fists in Face of German Head.

Berlin, Nov. 23.—Chancellor Stresemann resigned as head of the German government this afternoon and his cabinet fell with him.

The resignations followed the failure of the Reichstag to give hi ma vote of confidence.

The Reichstag rejected a resolution expressing confidence in the government of Stresemann by a vote of 155 to 230.

The vote was taken after a stormy session during which the Chancellor told the Reichstag he wanted the fate of his government decided immediately. Communists caused much disorders attacking the government policy and with the Red deputies shaking their fists in the face of the Chancellor.

"Three resolutions have now been introduced and they are all misleading; I demand a full declaration whether or not the Reichstag has confidence in the government," the Chancellor said.

Stresemann said he refused to retain office by virtue of "politica. arithmetic." The resolutions were introduced by Nationalists, Communists and Socialists.

The German Peoples' party and the Democrats introduced a joint resolution expressing confidence in the ministry and the Chancellor demanded an immediate vote on this bill.

When the session opened, it was apparent that the Stresemann government was facing defeat.

As the deputies assembled, word was received of fresh disorders in the Ruhr in which many persons weer killed and wounded.

MARYVILLE 12; EX. SPRINGS 8

BULLETIN

In the final period, Ogden made two drop kicks, the first from the 40 yard line and the second from the 15 yard line. When the game ended, the ball was in the possession of Maryville on the 40 yard line.

Final score: Maryville 12; Excelsior Springs 8.

In third quarter Excelsior Springs 8; Maryville 6. Springs worked ball down to one foot of goal. Maryville held for downs. Willoughby gave an intentional safety. The ball brought out thirty yards and the Excelsior Springs intercepted a forward pass and made a run of 50 yards for touchdown. Failed to kick goal.

Neither Maryville or Excelsior Springs had scored in the first quarter of today's football game being played there this afternoon. At the end of the initial period, Maryville had the ball on Excelsior Springs' 40 yard line. It was the fourth down and one yard to go.

A forward pass, Willoughby to Cockayne, netted a touchdown for Maryville against the Excelsior Springs team. The score was made towards the end of the second quarter. Ogden failed to kick goal. The first half ended with Excelsior Springs in possession of the ball on their 80 yard line.

Maryville made two long gains by forward passes, advancing the ball to the 20 yard line. The first pass, was for 45 yards and the second, to Chick, was for 15 yards. By line plunges and end runs the ball was advanced to the 1-yard line and Cockayne received the pass over the line. Score at end of half, Maryville 6; Excelsior Springs 0.

The game is being played at Excelsior Springs and is a semi-final game in the race for championship of Northwest Missouri.

The line-up of the Maryville team was:

Ogden, right end; Curfman, right tackle; Hall, right guard; Bush, center; Phipps, left guard; Epperson, left tackle; Cockayne, left end; Willoughby, quarter; Chick, right half; Smith, left half; H. Miller, full back.

There are about thirty-five rooters from Maryville in attendance at the game at Excelsior Springs.

J. E. Wyatt Says He Might Be Candidate

Friends Say He Is as Dry as Carrie Nation—Harve England Also Says He Is Willin'.

The political bee is beginning to buzz in Nodaway County already.

Yesterday, Harve England made it known that if enough of his good Democratic friends wanted him to, he might be persuaded to toss his John B. into the ring, and make the race for sheriff.

Now comes J. E. Wyatt, who lives a mile and three-quarters southwest of Arkoe, and says he is "rarin' to go" after the same law enforcing office. Wyatt is a Republican and has lived in Nodaway County for the last twenty-five years. Before coming here, he resided in St. Clair County, where he held the office of a "riding deputy." According to his friends, Wyatt will make his race on a "pro-Volstead and Carrie Nation" platform.

102 MILLION MORE BUSHELS OF WHEAT

COULD BE ADDED IF ADVERSE CONDITIONS ELIMINATED.

TESTIMONY BEFORE I.C.C

Says Poor Seed Alone Causes An Annual Loss of 31 Million Bushels to Kansas Farmers.

Kansas City, Nov. 23.—If adverse conditions would be eliminated in the state of Kansas, an additional output of 102 million bushels of wheat would be added to the annual production, according to the testimony today at the Interstate Commerce Commission freight rate hearing here.

R. G. Merrick of Topeka, general freight agent of the Santa Fe railroad, made the statement in testimony for the defense against the complaint made by eight Middle Western state utilities commissions that existing freight rates were burdening the farmers of the Middle West.

Poor seed alone causes an annual loss of 31 million bushels to the Kansas farmers, Merrick declared. Poor preparation of ground was assigned as the reason for a loss of 28 million bushels a year.

Other adverse conditions affecting the farmers of the Middle West were given by Merrick as follows:

Depleted soil, 30 million bushels.
Plant insects, 9 million bushels.
Plant diseases, 4 million bushels.

Kansas City, Nov. 23—An effort was being made today to close the hearing of the Interstate Commerce Commission on freight rates on grain and hay, before this evening.

The first session opened at 9 o'clock this morning, one hour earlier than usual, in the hope of having all testimony in before 5 o'clock this afternoon in order to permit the commissioners to leave for tonight. It had originally been planned to close the hearing early tomorrow.

A similar hearing will be started in Minneapolis Monday.

Mrs. I. N. Gartin Dies at Maysville Yesterday

Mrs. I. N. Gartin of Stanberry, sister of Dr. K. C., T. A. and J. B. Cummins of Maryville, died at 11:30 o'clock last night at the home of her daughter, Mrs. Francis Fisher, in Maysville, Mo. The body will be brought to Stanberry tonight for burial. Mrs. Gartin had suffered six strokes of paralysis and the last one resulted in her death.

Besides the daughter at whose home she died, she is survived by one daughter, Mrs. Oscar Klaas of Stanberry and one son, Paul Gartin of Brush, Colo. She was born in Missouri in 1869 and had lived practically all her life in Gentry County. She was one of a family of eight children and her death is the first among the brothers and sisters. She was married in 1885 in Gentry County. The surviving brothers and sisters include, in addition to the three brothers in Maryville, the Rev. Father F. B. Cummins, Brookfield; Mrs. T. W. Costello, Eldorado Springs, Mo.; Mrs. N. Y. Jameson, Stanberry; and J. A. Cummins of King City.

No arrangements for the funeral have been made.

Mrs. Cleo Gregg and little daughter, Mary Louise, of Stanberry were guests Tuesday at the home of Mr. and Mrs. Martin Lewis, Sr.

"JACK" WALTON IS INDICTED TODAY

BY GRAND JURY—8 TRUE BILLS AGAINST HIM.

ONE CHARGE OF FELONY

His Attorneys Say First Move Will be Filing of Motions to Quash All Indictments.

Oklahoma City, Nov. 23.—J. C. Walton, deposed governor of Oklahoma, was indicted by the Oklahoma County grand jury today. There were eight true bills returned against him.

One indictment charge of felony was that of stopping the Oklahoma legislature on September 26. Others were misdemeanors, charging padding of the state pay-rolls and intimidating officers.

Dr. A. E. Davenport, state health commissioner, and T. P. Edwards, the former governor's chauffeur, also were indicted and charged with a felony. The charge against them was diverting state funds in connection with Edwards being an employe of the state health commissioner and on the governor's staff as a major in the national guard, without rendering any service to the state.

The former governor was on hand with three of his attorneys to make bond as soon as the true bills were recorded with the district court. Walton had been anticipating the indictments for several days. He had been waiting patiently at the courthouse with three of his legal staff while others of his attorneys fought to get his impeachment case before the Supreme Court of the United States.

"I am going to fight this thing to the last ditch, and until I am free of legal tangles, I cannot say just what my plans are," the former executive said. "I am innocent of the charges and know I can clear myself before any unprejudiced court."

His attorneys indicated the first move would be the filing of a motion to quash each and all of the indictments.

The former governor appeared not to have a worry as he waited in the courthouse, posing at times for various photographers.

Bible Thought for Today

A MIGHTY ARM.—Thou hast a mighty arm: strong is thy hand, and high is thy right hand. Justice and judgment are the habitation of thy throne: mercy and truth shall go before thy face.—Ps. 89: 13, 14.

SECRECY IN GOVERNMENT.

Since the announcement of his candidacy for the presidential nomination by Hiram Johnson, who will have the backing of his friend, A. D. Lasker, former chairman of the Shipping Board the Colidge supporters are expected to withdraw their opposition in the next Congress to the proposed investigation of the Shipping Board and its questionable record of transactions, which have been accompanied with huge appropriations from the Treasury.

Should there be finally an agreement among politicians to suppress or neglect this inquiry the public ought to insist upon it. Representative Davis of Tennessee, who says he is determined to press the matter, points out that it has been the policy of the board to deny information concerning the manner in which great sums of the people's money have been administered and cites particularly the sale of vessels to the Dollar Line and the refusal of the board to divulge the terms of sale.

If the realization that the Shipping Board has been making secret disposal of millions of public money and property values is not shocking to the public it is because the public mind is becoming shockproof to secrecy in government. Take for another instance of secrecy, the Lerner case, in which the State Department, on secret, ex parte evidence, without respect for the right of trial and defense, has issued a virtual decree of banishment against a 20-year-old American-bred girl, who is the wife of a native born American soldier, for alleged utterances advocating the overthrow of the Government by force.

Take the case of sugar, which last February leaped from 7 to 10 cents a pound despite the fact that the year opened with the greatest sugar crop available since the war, exceeding the crop of the previous year by 500,000 tons. Much higher prices, we are told by former President Menocal of Cuba, were averted only by the failure of the American government to bulldoze Cuba into reducing its crop to 2,500,000 tons. In the closing hours of the last Congress, Smoot, the sugar Senator of Utah, and Senator Curtis, an administration leader, blocked the Brookhart resolution for an investigation of the strange phenomena here mentioned.

Secret invisible government is a sinister thing. It has no tolerable place in a democracy. If there is one thing more than another which the people of a republic should insist upon it is publicity of government operations and relations. The present administration has a heavy indictment of secrecy for which to answer, and only a thorough housecleaning by its own partisans can bring the name "Republican" again before the voters untainted by damning charges of secrecy. When a government will not speak it must be presumed to be guilty.—St. Louis Post Dispatch.

Divorce is getting so common that the best society may take a notion to drop it and go in for something else more exclusive.

Missionaries in Africa say the hardest task they have making Christians out of the natives is to get them to give up their numerous wives. Some of them are willing to give up the older ones, but few of them want to give up all their extra wives.

It has been suggested that the soldiers' bonus can be paid out of the interest on the allied debt owing to this country, but unless most of those countries make a more pronounced gesture toward paying some of this interest than they have made so far, it would be a mighty unsatisfactory bonus.

Henry Ford's secretary says he is not running for President and only wants to continue in the great work he is doing. Why should he want to be president? Is not the making of more than a million automobiles a year a big enough job to satisfy the most ambitious? He might have a few more employes as president but he wouldn't get any more work out of them and most of them he couldn't get rid of whether they worked or not. And he would have a lot more grief than he has making flivvers. Henry is a success at his present undertaking and it would be a pity to spoil a success.

CONCEPTION PUBLIC SCHOOL.

The Conception Junction basketball team went to "Old Town" Wednesday evening, November 21 and brought back the big end of the score from the College team. The final score was 24-21. It was a good game and the teams were well matched. At the end of the third quarter the score was 20 to 11 in favor of the College, but the team work of our boys enabled them to out-play their opponents.

There are a lot of people who do wicked things because they think they are smart.

A book agent came into our neighbor's office and tried to sell him a copy of "One Thousand and One Questions and Answers." He told the salesman if he had a book called "One Million Questions and Answers" he would buy one, as to date his school boy son has asked him that many questions he could not answer.

Have you ever noticed that the part of your toilet you are supposed to make in public is to do your nails?

A cynical bachelor says no wonder they said Solomon was wise as it must take a wise man to get along with a thousand wives when most men have a hard time getting along with one.

A friend at a jewelry store says that gold and silver pencils have declined in favor in the last year as the chronic pencil looser can't afford to misplace pencils of an expensive variety. He forgot to mention also the pencil stealers.

Louise, the stenographer, says she would a lot rather talk than listen.

We met a friend on the street the other day and he told us that during a recent rain the plastering fell from the ceiling in his upper hall. "Have you taken the landlord out to look at it so he would have the roof fixed?" we asked. "No" he replied, "I am afraid he will see the damage the children have done to the rest of the house."

One of the fellows we can't stand is the one who is always telling what he would do if "he had it to do over again."

We are advised to keep silent as it is wise, but judging from the oyster, about all a lot of us can expect from saying nothing is to get in the soup.

It often happens that you find little of the milk of human kindness in the cream of society.

By observing the average person we are forced to remark that consistency must be out of date.

Why seek to understand women? We doubt if she wants to be understood.

The memory of many a man goes back to the old days of fleece-lined underwear which became as stiff as a board after one washing.

When mother was a young girl she had to hide her powder and her lip stick so her mother wouldn't find them and scold her. But now daughter had to hide her powder, rouge and lip stick so her mother will not find them and use them.

Vagrant Musings

Too many of us try to hide our faults by pointing out the shortcomings of our neighbors.

A woman who knows how pretty she is does not act very pretty.

The trouble with bluffing is that too many of us don't know when to quit.

The only time a lot of people show any energy is when there is nothing to do.

UNION GROVE

Our school was represented in the County-Wide Children's Meeting at Maryville Saturday. We were sorry that more could not attend but farmers just now are busy with their fall plowing and corn shucking. Those who attended the meeting enjoyed it very much.

A community meeting was held here Monday evening at which Mr. Kinnaird gave the county films on the Chinch Bug. A good crowd attended and after the films a Literary Society was organized. The following officers were elected by ballot: President, Aca Akin; Vice-President, C. C. Younger; Secretary, Charley Calfee; Treasurer, Henry Hopper; Program Committee: Mrs. Fowler Hamilton, Mrs. George Grogan, Miss Hester. Our next meeting is to be held the first Friday in December.

We purchased a new set of encyclopedias this week of which we are very badly in need.

Mr. and Mrs. Henry Hopper and son, Gordon visited at the home of Mr. Hopper's parents in Maryville Sunday.

Ward Carver, Ira Gates and family, Merle Williamson and children were Sunday visitors at the home of Aca Akins.

Dana Carpenter and family spent Sunday with Charley Cokers.

Oscar Abbott and family, Lloyd Selby, and Miss Hester were Saturday visitors in Maryville.

Art Hamilton, wife and two babies, Ed Hamilton and wife, and Donald Lamar ate Sunday dinner at the Fowler Hamilton home.

Mrs. Herman Vale and little baby of New Market, Ia., spent Sunnay with her parents, Mr. and Mrs. Joe Norman

Roy McMillan, wife and baby girl, Fred and Ed Hamilton and Mrs. Ed Crane and two children were Sunday visitors at the Charley Calfee home.

The Ladies Aid Society of the South Methodist Church of Elmo are planning on shucking corn for Fowler Hamilton Friday afternoon of this week.

Now is the time to fight constipation with Bran—Start to-day!

Don't give the diseases that follow in the track of constipation a chance to lodge in your system! Get after constipation with nature's greatest helper—BRAN, Kellogg's Bran, cooked and krumbled—because it is ALL BRAN and because it will give you permanent relief from constipation! It is scientifically prepared to relieve suffering humanity from constipation and it will do that.

Bran's action is wonderful. It sweeps and cleanses and purifies. It knocks out the dangerous toxic poisons and frees the system from pollution! Try Kellogg's Bran for a week. Eat it regularly—two tablespoonfuls each day; as much each meal in chronic cases. You will be astounded at the difference in your feelings!

Kellogg's Bran should not be confused with common bran which is unpalatable and difficult to eat. Kellogg's is cooked and all ready to serve and really delicious. Eat it as a cereal, sprinkled over your favorite hot or cold cereal or cook or mix it with hot cereal. In the latter cases add two tablespoonfuls for each person.

Do you realize what Kellogg's Bran can do for you and for your family; do you realize that it will keep sickness away; that it will put every one on a new health footing; that it will free you all from pills and cathartics?

Kellogg's Bran is particularly delightful made in raisin bread, in macaroons, popovers, muffins, etc. Recipes are printed on each package!

You will say that Kellogg's Bran is a blessing to humanity.

All grocers sell Kellogg's Bran!

Modern Amusements to Be Discussed Tonight

Tabernacle Meeting Will Begin At 7:15 O'Clock With Baptismal Services—Special Services Sunday

The threatening weather cut the attendance some at the tabernacle last night. The regular service was shortened in order to give time for important conferences at the close. The men were led by Mr. Snodgrass in the after conference and Mr. Hamilton had charge of the women's meeting. Plans were put on foot at these after meetings for the boosting of the meeting tonight and also the attendance at the Sunday's services.

There were three confessions at the meeting last night. The sermon will be on "Modern Amusements." Cards advertising the meeting tonight are being put into the hands of all the school children of this section today. It is expected that the meeting tonight will be the best of the week. The subject of the sermon is creating considerable interest, and the rest that many had last night will insure a much larger audience tonight.

The workers are busy lining up the 800 for the big Bible school Sunday. The Men's class is planning for 200 and a large list of new men are being especially invited personally. Special advertising is being put out and every effort is being made to reach the goals. The County goal of 2500 is spurring all the schools to new activity this week.

There will be baptizing at 7:15 o'clock tonight. Arthur J. Hamilton will sing special numbers and the music each evening is an attractive feature of the service.

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

Red Pepper Rub is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

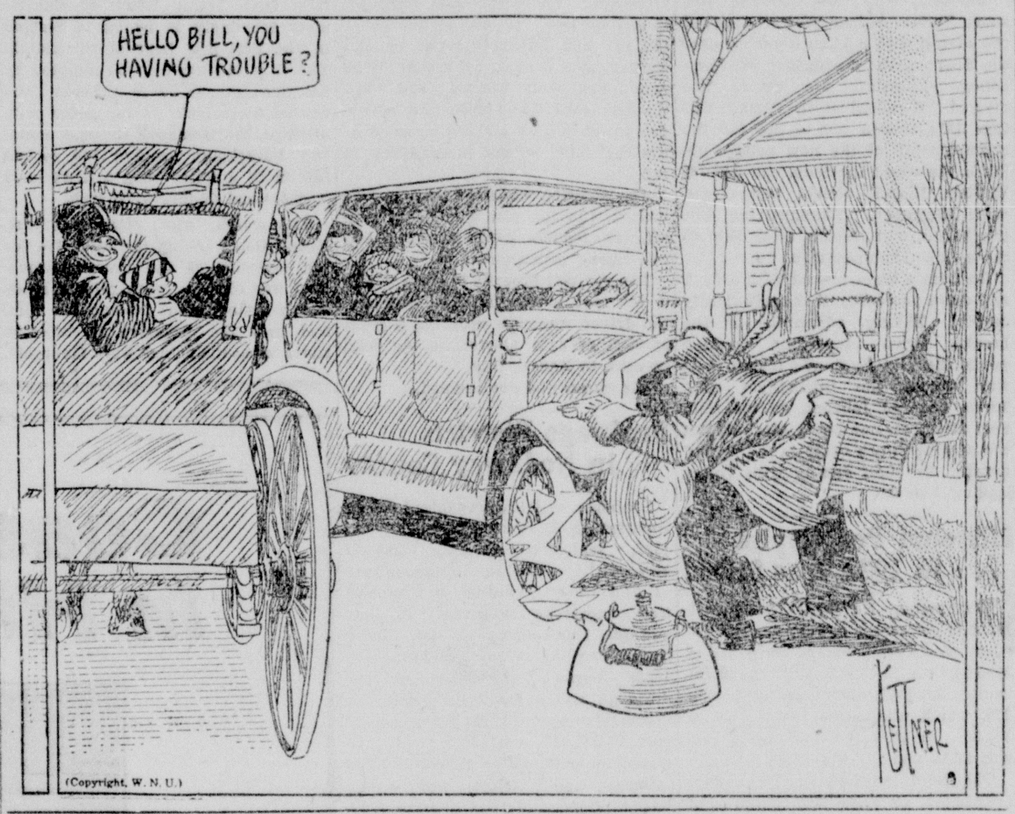
NEW LAMP BURNS 94% AIR.

Beats Electric or Gas.

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, H. A. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make $250 to $500 per month.

Along the Concrete



Pickering

(By O. G. Null)

Mr. and Mrs. J. L. Carter and daughter, Alma, returned Wednesday night from a six weeks' visit with relatives near Bloomington, Ind., where Mr. Carter spent his boyhood days. The Carter family had planned a longer visit, but as Mr. Carter was troubled with asthma a great deal while there, they decided to return home, where he he is not troubled with asthma.

Mrs. Otis Falconer and two children of Marionville, Mo., are visiting at the home of her parents, Mr. and Mrs. Geo. Porterfield and with other relatives here this week. The Falconers moved from here to Marionville last summer.

Mrs. W. T. Chaney of Topeka, Kan., who was called here last week by the death of her stepmother, Mrs. C. G. McMillen will return to her home Friday. She will be accompanied home by Mr. McMillen, who will visit at her home a few days. His other daughter, Miss Ora McMillen, will probably accompany Mr. McMillen home next week.

Adelbert McMillen left Thursday evening for St. Louis after a week at the McMillen home.

Glenn Bloomfield left Thursday afternoon for Corvallis, Montana, where he has lived for several years in order to arrange his business affairs preparatory to returning here for the winter. Mr. Bloomfield and his wife came here early last summer to care for her father, S. C. Leech, whose death occurred three weeks ago. After his death and before they had completed arrangements to return to their home in Montana, Mrs. Bloomfield was taken ill from uremic poisoning and passed away last Thursday. Mr. Bloomfield and his children will make their home with his parents, Mr. and Mrs. Warren Bloomfield, near Long Branch school, on his return from Montana.

Mr. Bloomfield will be accompanied to Corvallis by Mrs. J. E. Kelly, another daughter of S. C. Leech, who has resided in Montana seven years and who was called here by her father's death three weeks ago. Mr. and Mrs. H. J. Kelly of Maryville will also accompany them to Corvallis, where they will visit at the home of their son, J. E. Kelly, a short time, then will visit another son at Fort Benton, Montana, and a daughter in Washington. They will also visit relatives in Oregon and in California before their return home.

Mr. and Mrs. J. W. Stevens, former Pickering residents, but now residing on a farm northwest of Sheridan, visited relatives and friends here on Thursday and Friday of this week.

Mr. and Mrs. George Weed of New Hampton spent last Sunday at the home of Mr. and Mrs. Orlo Lincoln.

A part of the Porterfield building now the property of W. C. Alexander, is being torn down this week in order to lessen the fire hazard of his store building and also to permit the remainder of the building being fixed up for use. The building has been vacant for several months and is in a dilapidated condition.

The Father and Sons banquet served in the Christian Church by the ladies of that church last Tuesday evening was an enjoyable occasion and one of the most successful events of the kind ever attempted here. About 126 men and boys partook of the banquet and a program closely following the outline furnished by the Sunday School Association, which is the promotion of the observance of the week, was carried out. A special feature of the program was the reading of a letter sent out in pamphlet form during the World War by the Y. M. C. A., entitled "How About a Letter to Dad?" The author of the letter was Ralph Colhoun, a former Pickering boy, who composed the letter while in France during the war. The sentiment of the letter was so good that thousands of copies of it were distributed among the soldiers by the Y. M. C. A. along with other pamphlets sent out by that organization in the effort to uphold the morale of the men in service. Ralph Colhoun, the author of the letter is a son of Mr. and Mrs. W. P. Colhoun, who have just returned to Pickering after several years spent in Kansas and Texas, now resides in Texas from which state he enlisted in the army.

School Notes.

Miss Lois King of the class of '23 visited high school Thursday. The boys of the freshman and sophomore classes have bought the girls basketball and are fixing a court north of the building to play on.

Miss Moore is able to be back at work after a two days' absence on account of sickness.

The following girls accompanied by Miss Kemper, took a five mile hike Monday evening: Evaline Ashford, Jennie Mann, Katie Lett, Leta, Opal and Cleobell Floren, Eva Swaney, Crystal Copeland, Hildred Hinton and Lois Harvey.

Lawrence Prather and George Judd are absent from school gathering corn this week. Ruth Hinton was also absent on Monday.

The following persons attended the Hopkins and Pickering basketball game at Hopkins on Wednesday evening: Crystal Copeland, Katie Lett, Gracie Ulmer, Brice Rickard, Harold Copeland, Mrs. Ruby Moore, Miss Stanton, Miss Kemper. The game was quite rough and resulted in a victory for the Hopkins team.

The boys of the grammar room basketball team accompanied by their teacher, Mrs. Ruby Moore, went to Glendale last Friday and were the victors in a game with a team from that school. The final score was Pickering 22, Glendale 15.

Methodist Church.

Don't forget the Wesleyan bazaar Saturday, Dec. 1.

Sunday School continues to be well attended. Miss Bess Kemper's class of young folks will have charge next Sunday.

Pickering's greatest present need is a Holy Ghost revival and that is what the Sturgeon meetings will be if we have the hearty co-operation of the membership. Let us "prepare our hearts to seek the Lord and then put our best effort into these meetings.

May we depend on you from the first service Sunday morning, Dec. 2?

Preaching at Pickering Sunday morning and at Myrtle Tree Sunday evening. "Forsaking not the assembling of yourselves together."

Christian Church.

There are some women of the church who deserve a great deal of credit for the Fathers and Sons banquet, held last Tuesday evening, being such a success. Some of them worked hard and long to "put it over." We believe everybody enjoyed the evening to the fullest and if they were not "to the fullest" after that feed they surely were "off" some where. Here's hoping for next year.

Have you forgotten that the Bazaar of the Ladies Aid will be held on Saturday, December 15?

Are you doing your part to increase the Sunday school attendance Sunday after Sunday? Remember that Sunday school starts at 10 o'clock every Sunday morning and that you are perfectly welcome to be there then. The classes will take care of you in fine shape. If you are not in Sunday school elsewhere the welcome is yours. Come.

Do you want to make the children in the Orphans' Home at St. Louis happier this Xmas? Al right, help the Busy Bees-Live Wire Class to do that very thing. Ask them.

Keep in mind the Every Member Canvass to be made on December 9.

The sermon for next Sunday morning will be, "Who Is Jesus?"

To San Bernadino, Cal.

Mrs. Lawrence Cummins left Sunday for Kansas City, where she will visit for two or three weeks before going to San Bernadino, Cal., to join her husband who recently went to that place and has engaged in the real estate business. Mrs. Cummins' brother Heston St. Clair came here the latter part of last week and accompanied her to Kansas City.—Burlington Junction Post.

Physical Health means—

Beauty!

HEALTH and beauty go hand in hand. Where the system is run down—the face drawn and haggard—the body limp and lifeless—beauty is missing. Looks of pity supplant those that might have been gazes of admiration.

Restore your health and beauty will take care of herself. S. S. S.—the rich blood builder—rekindles the spark of health and lights the blaze of beauty by building red blood cells. The nerve power of your system finds life in these very blood cells. Build more red blood cells and your nerve power will increase. S. S. S. builds them. Rich blood will tingle through your system. That lost charm will return. Your entire system will be repaired. You will be ready to cope with the impurities and blemishes that handicap beauty.

As physical health means beauty so, too, does S. S. S. mean beauty. For S. S. S. means systems that are free from impurities—pimples, blackheads, acne, boils, eczema, rheumatism. S. S. S. and good health go hand in hand.

S. S. S. is made of pure vegetable ingredients. It is sold at all good drug stores. The large size bottle is more economical.

Drugs Excite the Kidneys, Drink Water

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must ward constantly against kidney trouble because we often eat too much rich food, or drink a lot of water filled with acids which the kidneys strive to filter out; they weaken and overwork, become sluggish, the eliminative tissues clog and the result many times, bladder weakness and general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then be fine.

This famous salts is made from the juice of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the urine so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing at times. By all means have your physician examine your kidneys at least once a year.

N. SISSON PREPARES SHORT BIOGRAPHY

WRITES SKETCH OF LIFE OF LATE GOVERNOR MOREHOUSE

MELANCHOLY CAUSED ACT

Says Governor Was Not Deliberate Suicide—Article To Be Placed In State Volume

A biographical sketch of the life of Albert P. Morehouse, governor of Missouri in 1887, has been compiled by Nathaniel Sisson, his personal friend, and sent to Floyd C. Shoemaker, secretary of the State Historical Society at Columbia. The sketch will be inserted in one of the volumes of messages and proclamations of the governors of the state from 1864 to 1905, which Mr. Shoemaker is now editing.

The account is of special interest in that it corrects the supposition that the governor terminated his life as a deliberate suicide.

"Prevalent Belief Is Wrong.

"This prevalent belief," Mr. Sisson says, "is erroneous and should be dispelled."

After a summary of the political activities of Governor Morehouse, from the beginning of his career to his succession to the governorship upon the death of Governor Marmaduke, Mr. Sisson has inserted the following explanatory paragraph of his death:

"The saddest part of the life story of this useful and honorable citizen came after his retirement from public life, with a view to giving his entire time to his farming operations in which he had become greatly interested. On September 20, 1891, while he was engaged in driving some unruly cattle from one pasture to another he became overheated in the excitement and work, and a rupture of a blood vessel of the brain resulted. In somewhat of a dazed condition, he was taken to his physician who not being fully aware of the circumstance, diagnosed his ailment as typhoid.

Became Despondent as Time Passed.

As time passed he became delirious; his attendants detected extreme despondency in his incoherent speech, and a desire that death would end his suffering. He thought, no doubt, that his ailment might lead to incurable insanity. On September 23, while his attendants were momentarily absent from his room, he arose from his bed and with his pocket knife severed an artery."

Mr. Sisson continues in his defense of Mr. Morehouse, saying: "While it is true, by his own hand he severed the remaining cord of life, his death cannot be classed as that of a suicide; but as the victim of an accident which resulted in a mental aberration."

M. H. S. DEBATING TEAM TO HARMONY DECEMBER 14.

The Maryville High School debating teams have been chosen. The negative team which will represent the high school in all debates is composed of Edwyna Forsyth and Esther Roseberry. The second team is made up of Laura Margaret Raines and Burdette Yeo.

The negative team will debate at Harmony on the night of December 14. The debate will be on the Commission-Manager form of government.

ROSENDALE DEFEATS SAMPSEL 24 TO 15

The basketball tournament for the girls championship of Northwest Missouri started this afternoon at 1:20 o'clock with fifteen teams entered in the contest.

The drawings for the girls tournament was as follows:

Cainsville drew a bye.

Rosendale vs Sampsel at 1:20 o'clock.

Coffey vs. Galt at 2:15.

Sheridan vs. Agency at 3:10.

Osborn vs. Parnell at 4:05.

Evening

Edgerton vs. Richmond at 7 o'clock.

Oregon vs. Cameron at 7:55.

McFall vs. Linden at 8:50.

Cainsville plays the winner of the Rosendale Sampsel match at 8:15 o'clock tomorrow morning.

Not a great deal of dope is known on the girls tournament although Parnell, the Nodaway County entry, is conceded a good chance of walking off with the honors. The Rosendale girls proved to have a strong goal shooting aggregation but were weak on the defense of the game.

Agency produced a dark horse in the tournament by handing Sheridan a defeat by a score of 39 to 7. The Agency players had far better team work than any team that has played thus far in the tournament and were also capable of hitting the goal for the counters.

A hard fight is expected in the second round when many of the favorites clash in the morning round.

Rosendal had the better of Sampsel in the first game of the afternoon, the forwards on the Rosendale team being dead shots at the basket when ever left open. Only on rare occasions was the ball in the Sampsel forward territory.

The box score of the game is as follows:

ROSENDALE (24)

	F.G.	F.T.
O. Yoder, f	4	2
Watts, f,	7	0
Dutton, jc,		
G. Yodder, r,

SAMPSEL (15)

	F.G.	F.T.
Hargrave	5	5
Walker, f,		
Dryden, jc,		
Trammell, rc,		
Cusick, g,		
Gibbs, g,		

Coffey and Galt played a closely contested game which ended in victory for the Galt sextette in a 35 to 20 fashion. For a while Coffey set the pace and was ahead but too many fouls cost the Coffey players the game. With about two minutes to play Coffey ran out of substitutes for the fouled persons and played with only one center. The box score of the game was as follows:

GALT (35).

	F.G.	F.T.
Shores, f	12	5
Johnson, f	0	2

Missouri Valley Defeats Springfield

Marshall, Mo., Nov. 23—The Missouri Valley college eleven finished the season with a 14 to 0 victory over the Bears of the Springfield Teachers college yesterday. No defeat has marred the record of the Valley Vikings this season and a tie for the championship of the new college union is the worst the team can get. If William Jewell should topple Missouri Wesleyan, Thanksgiving day, the Vikins will have a clear title to the college championship.

Godfriax's team played with a dash and drive yesterday that made victory certain. Taking advantage of the breaks, twice recovering fumbled punts, the Vikings finally fought their way across the Springfield goal. Twice Captain Johnson missed field goal attempts, one being blocked. But the scoring punch came in the second quarter, the half ending with Valley leading 7 to 0.

Missouri Per Capita in 1922 Was $12.30

Washington, Nov. 23—The department of commerce announces that the costs of government for the state of Missouri for the fiscal year ended December 31, 1922, amounted to $42,232,270, which was a per capita cost of $12.30. In 1917 the per capita cost was $3.85 and in 1914 $3.05.

The total revenue receipts were $26,870,572, or $7.83 per capita. For the fiscal year the per capita excess of governmental costs over revenue receipts was therefore $4.48. This condition is due largely to the payment of more than 14 million dollars soldier bonus warrants.

The net indebtedness (funded and floating debt, less sinking fund assets) of Missouri was $8.83 per capita for 1922, $2.01 for 1917 and $2.19 for 1914. The state received 25 million dollars from the sale of bonds for the current year—10 million dollars for roads and 15 million dollars for soldiers' bonus.

Francis to Appear on Lyceum Tuesday

Will Give Lecture At First Methodist Church On "One Hundred Per Cent Americanism"

"One Hundred Per Cent Americanism," is the subject of George E. Francis' lecture, the second number of the lyceum course. Mr. Francis will appear at the First Methodist Church on next Tuesday evening. The lyceum course this season is under the auspices of the Wesleyan Class and the Men's Bible Class of the First Methodist Church.

Mr. Francis is lecturing under the management of the Midland Lyceum Bureau, Des Moines, Ia. He has been giving lectures in Minnesota lately and is very well liked. Mr. Francis has held a pastorate in some of the largest of the Methodist Churches in Indiana and is now on a year's leave of absence. He has appeared for three consecutive years over the same chautauqua circuit which is a high recommendation.

Miss Betty Person, special representative of the Royal Worcester Corset Company who has been giving special instructions in that department at the Yehle store, left this afternoon for Brookfield.

Unknown Man in Auto Accident

(Barnard Bulletin)

A Ford roadster turned over on the driver, who was the only occupant of the car at the Westfall corner Sunday afternoon. The driver was unknown to anyone here. He was pinned under the car and was gotten out by Hal Turner, who went to his rescue. The man was badly bruised and was thought to have had some ribs broken but he started on his way as soon as the car could be put in condition to run.

The steering wheel of the car was broken, the top and windshield torn off, the fenders badly smashed and one casing blown out.

The car was brought to town where it was put in running condition and the driver, although suffering a great amount of pain, started on his way, he said, to Kansas City.

His name was not learned.

Drainage Districts in Nodaway County

Drainage districts organized in 22 counties in Missouri during 1920 to 1922, inclusive, embrace 268,662 acres and contemplate an expenditure of $4,449,753, according to information secured by the Division of Agricultural Engineering of the Uinted States Department of Agriculture in 1923. Actual construction of the drainage works has been begun for districts comprising 201,169 acres, to cost $3,387,025, and had been completed for part of this acreage. In 76 counties, no districts were established. Concerning the other 16 counties, no data were received. If the percentage of area organized and the average cost per acre for the 98 counties that furnished statistics apply to the other counties also, the area of all drainage districts in Missouri established in 1920 to 1922 is 310,000 acres and the cost will be $5,140,000, including districts that have not begun construction.

In Nodaway County thre is 14,950 acres embraced in drainage districts at a cost of $320,558. There is 2,470 acres at a cost of $60,332 which has not yet begun.

Legislative Poll Favors Road Plan

Missouri legislators will back up the proposed legislative program of the state highway commission if early returns on a legislative poll started by the Kansas City Journal yesterday are a criterion.

In a statement issued Wednesday the commission recommended a special session of the legislature to increase the state motor vehicle registration fee 50 per cent to supply necessary additional revenue for a continuous highway construction program.

The commission also suggested that a tentative gasoline tax of 1 cent a gallon, to become effective July 1, be levied by the general assembly, and that its validity be tested in the courts before the regular session of the legislature, January, 1925.

The Kansas City Journal yesterday queried by telegraph all members of the Missouri state senate and house of representatives asking them to state their position on the commission's recommendation for the 50 per cent increase in the vehicle registration fee.

Within a few hours after the telegraphic queries were sent out replies began to arrive from the legislators. In most instances the responses were favorable to the proposed legislative program.

Mr. and Mrs. Dell Hyde of Pickering were in Maryville today en route to Burlington Junction to visit their son, Virgil Hyde, and family.

Barackman Wins; Fell Young Gotch

(Clarinda Herald)

Mervin Barackman demonstrated his superior wrestling ability again Wednesday evening, securing two falls from Young Gotch of Omaha, after seemingly to be out generaled in the first half hour of the match. The first fall came in 51 minutes by the use of an arm scissors and double wrist lock. After a ten minute rest, the men took the mat again, and Barackman secured his second fall in 28 minutes with a head hook scissors and double wrist lock.

The match was clean and fast, Young Gotch taking the offensive for the majority of the time. Barackman was able to break all the holds which his opponent fastened on him, and took the offensive at different times when the things were favorable.

Coast to Coast in High Gear!

New Oldsmobile Six demonstrates new degree of engine flexibility and motor car stamina

The first car to cross the American continent in high gear! Driven by "Cannonball" Baker, holder of numerous road records, a new Oldsmobile Six (stock car with standard gear ratio)traveled 3,674 miles under every conceivable road and weather condition. Rain, snow, sand, rock-strewn passes and washed-out roads were encountered. Grades ranging from 5 to 17 per cent were negotiated. Yet, during this test, the car averaged 28.7 miles per gallon of gasoline.

This run was planned to demonstrate the great flexibility and stamina of the new Oldsmobile Six by subjecting the car to the most unreasonable driving conditions. The 12½ days of the trip were equivalent to years of average driving. The fact that the car came through this grueling test with only minor adjustments and no recourse to the emergency kit, is proof of the car's ability to give satisfaction in the hands of owners.

See the new Oldsmobile Six at our showroom.
